TO: File

Illinois EPA accepted United States Steel Corporation [the potentially responsible party (PRP)] enrollment of the USX North Vessel Slip to Illinois EPA Site Remediation Program on March 10, 2006 and enrollment of the USX South Vessel Slip to Illinois EPA Site Remediation Program on March 15, 2006. US EPA updated our Comprehensive Environmental Response Compensation Liability Information System (CERCLIS) database on May 12, 2006 to indicate that an Other Cleanup Activity (OCA) by the PRP under the State began on May 12, 2006, the date of this memo. When Illinois EPA issues a comprehensive No Further Remediation letter to the PRP, this will serve as the completion date for this activity. For further information regarding the cleanup, please contact Illinois EPA.
